Hi Diana,

The most recent stats we have on hand for value of trade are for 2019 (attached) as pulled from US Bureau of Transportation Statistics, Transborder Freight Data.

Traffic volume in the Windsor-Detroit corridor is about 2.3 mn trucks/year, during the most recent pandemic years of 2020 and 2021, about 2.5 mn pre-pandemic. Please see https://www.bridgeandtunneloperators.org and select Traffic Data for various reports that would include 2019 data. Press release attached.

With apologies if this is too late for deadline. Another busy day here! ~Christine

Subject: Fwd: Info for a story?

Hi Christine and Steve,

See request below. Do we have stats on daily trade value, truck traffic etc that we can share?

Many thanks,
Diana

Hi Alex,

I've asked the question. Hope to get back to you soon.

Best,
Diana

Hi Diana, happy Monday.

I'm reaching out to see if the Canadian Embassy has any data on how much the blockage of the Ambassador Bridge hurt trade between the US and Canada. Do you have any values I can point to for a story?

My deadline is 2pm ET. Thank you!
